How To Apply For Postage Stamp – U.S. Postal Service A Guide to the United States Postal Service, Cusack A Guide to the United States Postal Service US Postal Service USPS Carries the Nation America proudly uses the United States Postal Service (USPS) to carry the nation's mail and offers a broad selection of services to businesses and individuals. The Postal Service has provided services to the United States for over 200 years and continues to play a major role in the lives of the public and the nation. The mission of the United States Postal Service is to provide accurate and timely delivery of communications and informational products. The Postal Service is required to maintain operations nationwide, but does not deliver mail or provide related services in remote areas, including islands, Antarctica and other territories. Postal Service Facts The Postal Service has the largest retail network in the world, selling more than 22 billion pieces of mail annually through our network of nearly 150,000 retail locations. The Postal Service operates the largest processing network in the world. We offer a wide variety of products and services to customers. We deliver packages, letters and documents daily. We operate retail locations that provide access to postal services, products and other postal related services. The U.S. Postal Service employs about 308,000 people, operates some of the country's most prolific retail networks, and has the largest delivery vehicle fleet in the world. The Postal Service was established on April 17, 1775, during the Revolutionary War by a committee appointed by the Second Continental Congress. For more information and to find a Post Office, visit www.usps.com/locations. This site will show you the location of local Post Offices, as well as the addresses and hours of service. Locations. The United States Postal Service is a government-owned corporation that provides the nation's communications and information networks. The Postal Service is governed by a board of 12 governors, nine of whom are appointed by the president. The governors select a vice president, who serves as an ex officio member of the board. Four of the board members represent postal unions. The Postal Service was established on April 17, 17
